MASK MANDATE

BEGINNING WEDNESDAY, DECEMBER 29TH:

Baltimore County has mandated masks indoors for everyone, beginning Wednesday, December 29th, 2021. This mandate is currently in effect through January 31, 2022.

The Health Order states, "Face coverings are required; indoors at any location where members of the public are generally permitted, including without limitation, Religious Facilities, Retail Establishments, Foodservice Establishments, Fitness Centers, Gaming Facilities, the indoor portions of Racing Facilities, Indoor Recreation Establishments, Personal Services Establishments, and Indoor Theaters."

WHAT DOES THIS UPDATE ENTAIL?

Beginning Wednesday, December 29th:

1. Coaches are required to wear masks while coaching all classes.
2. Members are required to be wearing masks while entering and exiting the facility.
3. Members are required to be wearing masks through all warm-ups, workouts and cool-downs.

NOTE:

- If an athlete forgets a mask, Nevermore will have extra masks to provide athletes.
- If an athlete does not have a mask on during class, Coaches will ask athletes to please put their masks back on.

The Nevermore Community has done an amazing job throughout this difficult, unprecedented period, to keep our community spread at 0%, and we'd like to keep it that way. We're so grateful for our members following our policies and procedures, put into place to keep everyone safe, happy, healthy and moving, without question (even if we haven't loved it).

In addition to the mask mandate please be respectful of each member's space during classes. Let's continue to do what it takes to keep our entire Nevermore Community safe, happy and healthy - and moving!

THANK YOU FOR UNDERSTANDING!
